The resource easy to use and navigate	✓			
The content language level is appropriate for the audience	✓			
The content is up-to-date and accurate	✓			
The author or organization is a reliable source	✓			

Comments:

The flyer serves more marketing needs rather than educational so it provides overview of the course. It is expected that it will be spread in printed form rather than digital, however for the convenience of those who will be using in as PDF the email link is made interactive.
